Addendum No. 03

File Reference Number: RFP 2024 006

Title: Joint Elimination Program and Electric Flash-Butt Welding

RE: Clarifications/Questions

Please refer to the following information / clarifications:

Item 1: Can ONTC provide any recent geometry testing reports for the areas where work is to be performed?

Answer: ONTC is not able to provide geometry testing reports where work is to be performed.

Item 2: Regarding Items 6, 17, and 18 in Addendum No. 02 (the need to gauge, add spikes, and add anchors as required), can ONTC advise how much of this type of work should be expected? If this is not possible, would ONTC consider adding provisional line items for these tasks to cover the additional labor required?

Answer: At the moment, ONTC cannot advise how much of this type of work should be expected. The price for this extra work shall be included in the price per weld.
